DETAILED ACTION

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-17 are rejected under 35 U.S.C. 102(e) as being anticipated by Korenman et al. '322. Korenman et al. disclose an apparatus for facilitating management by an individual of a physiological and/or psychological state of the individual comprising a display for a set of images allowing an individual to show the individual chosen by the individual to one's self (col. 4 line 62) and a device for allowing the individual to choose images from the set of images (col. 4 lines 59-60).

Response to Arguments

Applicant's arguments filed 12/30/04 have been fully considered but they are not persuasive.

In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., a set of images chosen by the individual to one's self wherein said set of images are based on a personalized image profile based on cognitive decisions relating to connectedness, valence and arousal and on biometric analysis) are not positively recited as a structural limitations in the rejected claim(s). Although the claims are interpreted in light of the specification, limitations from the specification are not read into

the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993). The claims as written only require a display for the set of images and a device for allowing an individual to chose images.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
